

PLEASE ENSURE YOU USE THE CORRECT DISPOSAL ROUTE

The following hazardous medications, including cytotoxic and cytostatic must be disposed of in a purple topped sharps bin. This includes contaminated sharps and medication in original packaging.

Non-chemotherapy cytotoxic/cytostatic drugs Product approved name	Cancer chemotherapy drugs Product approved name
Anastrozole	Aldesleukin
Azathioprine	Alemtuzumab
Bicalutamide	Amsacrine
Chloramphenicol	Arsenic trioxide
Ciclosporin	Asparaginase
Cidofovir	Bleomycin
Coal tar containing products	Bortezomib
Colchicine	Busulphan
Danazol	Capecitabine
Diethylstilbestrol	Carboplatin
Dinoprostone	Carmustine
Dithranol containing products	Cetuximab
Dutasteride	Chlorambucil
Estradiol	Cisplatin
Exemestane	Cladribine
Finasteride-	Cyclophosphamide
Flutamide	Cytarabine
Ganciclovir	Dacarbazine
Gonadotrophin, chorionic	Dactinomycin
Goserelin	Daunorubicin
Interferon containing products (including peginterferon)	Dasatinib
Leflunomide	Docetaxel
Letrozole	Doxorubicin
Leuprorelin acetate	Epirubicin
Medroxyprogesterone	Estramustine
Megestrol	Etoposide
Menotropins	Fludarabine
Mifepristone	Fluorouracil
Mycophenolate mofetil	Gemcitabine
Nafarelin	Gemtuzumab
Oestrogen containing products	Hydroxycarbamide
Oxytocin (including syntocinon and syntometrine)	Idarubicin
Podophyllin	
Progesterone containing products	
Raloxifene	
Ribavarin	
Sirrolimus	
Streptozocin	
Tacrolimus	
Tamoxifen	
Testosterone	
Thalidomide	
Toremifene	
Trifluridine	
Triptorelin	
Valganciclovir	
Zidovudine
