

# PLEASE ENSURE YOU USE THE CORRECT DISPOSAL ROUTE

## SHARPS BIN (yellow topped)

For disposal of sharps including those which are contaminated with blood, body fluids or medicinal products and partly discharged syringes. Must not be used for disposal of sharps which have been in contact with cytotoxic/cytostatic products.

## CYTOTOXIC/CYTOSTATIC WASTE (purple topped bins)

Waste and/or sharps contaminated with cytotoxic or cytostatic medicinal products. Please refer to the Trust list of products which must be disposed of in this container.

## PHARMI BINS

Either of these bins are suitable for the disposal of pharmaceutical products. These bins can also be used for the disposal of medicinal waste (not cytotoxic or cytostatic) that is within its original packaging. Please note controlled drugs must be denatured prior to disposal.
